JetX foi uma plataforma de streaming que foi muito popular na década de 2010. No entanto, em 2020, a Plataforma está ativa e despareceu da cena online.

Motivos da falsidade

Dificuldades financeiras: A plataforma enfrentou dificuldades financeiras e não conseguiu mais sustentar as despesas com o funcionamento da plataforma.

Concorrência: A concorrência com outras plataformas de streaming, como a Netflix e uma Amazon Prime, dificultou para um JetX manter o seu espaço no mercado.

Falta de novo contato: A plataforma não conseguiu atualizar seu contato com a alta alguns anos, o que fez com que não tivesse acesso aos serviços necessários para se fazer uma pausa e navegar pela plataforma.

While you will likely be injured in a collision, you will almost always survive. The survival rate for auto accidents is remarkably high, given modern vehicle safety standards like seat belts and airbags, so there should be little reason to fear driving. That means there is only a 0.99% death rate for car crashes.
