<p>Murder is an original Poki Game that has become increasingly popular in the last few years, we are not at 👌 all surprised, since it has all the makings of an amazing game, and you will agree with us too as 👌 soon as you give it a shot, we are confident, especially after we will now teach you how it works!</p>

<p>Can 👌 you Murder the king without getting caught?</p>

<p>Use the mouse to walk around, take decisions, grab onto things, speak to people, 👌 and do any other action that you think is necessary to premeditate the murder of the king, whom you need 👌 to dispose of to win the game. Make sure to move carefully and not get caught, because if your plans 👌 are thwarted, you are also going to be thrown in prison, and you lose the game.</p>

<p>After that is achieved, you 👌 assume the role of king, which only means one thing, which is that now other people around the court will 👌 try to kill you, so you need to move carefully and prevent that from happening, so now you will have 👌 to make defensive moves for survival!</p>

<p>Charge your stab with the spacebar, and the more you hold, the stronger it is. 👌 Now that you've surely understood, start the experience right now, see for yourselves why it is that awesome, and stick 👌 around for more of our daily content to come!</p>
