First and foremost, skill games are characterized by

the level of player control and decision-making involved. In a skill game, #12

9766; the outcome is not determined solely by chance, but rather by the player&

#39;s ability to strategize, plan, and execute. The #129766; player#39;s prof

iciency and mastery of the game#39;s mechanics are directly related to their su

ccess.

Skill games often require a significant amount #129766; of practice a

nd dedication to improve. They typically involve a learning curve that can be st

EEP, but rewarding for those #129766; who are willing to invest the time and e

ffort.

Skill games can take many forms, from puzzle games and platformers to &

#129766; sports games and strategy games. What sets them apart from other genre

s is their emphasis on player skill and ability.

In #129766; summary, what makes a game a skill game is the level of p

layer control and decision-making involved, the importance of #129766; practic

o and dedication, and the focus on skill development and mastery. These elements
