Seven Fun Facts About Shooting Stars!

New York City Children's Theater : creative-clubhouse

activity : shooting-stars

There are usually around two shooting stars per hour, but the best time to see them is during a meteor shower. This is because there will be many more than usual all over the sky. Shooting stars do occur in the daytime, but can be seen more clearly in the sky at night.

There are usually around two shooting stars per hour, but the best time to see them is during a meteor shower. This is because there will be many more than usual all over the sky. Shooting stars do occur in the daytime, but can be seen more clearly in the sky at night.
