

O O bet365

A roulette wheel consists of a spinning disk with division, around it is a
dome that is supported by the base of the bowl. The ball is spun from the
outside from an angle of 45 degrees.

comring the base of the bowl. The ball is spun from the
outside from an angle of 45 degrees.

eventually the ball will come to rest with the ball in one of the
pockets.

and the ball will come to rest with the ball in one of the
pockets.

and the ball will come to rest with the ball in one of the
pockets.
