

pixbet pol#237;tica

It's as easy as setting up your phone and a chip card reader, saving you space, time, and money. Android phones and wireless card readers can accept credit cards anywhere with a Wi-Fi connection.

Android credit card reader: How to use your phone to accept payments

guides : android-credit-card-reader

pixbet pol#237;tica

To do this, you will need to download and set up a free app called Android Pay, which allows you to store and use credit and debit card information on your Android. Android Pay is available for any Android phone or tablet running Android 4.4 KitKat or higher.
