If you're having trouble connecting to the Call

of Duty: Modern Warfare, you should first check Call of Duty: Modern

Warfare Server Status. If the status indicator for your platform

is not green or an alert is present, you might encounter connectivity issues until

the service is restored and fully operational.</div></div></div>

</div></div></div></div></div></div></div></div></div></div>

Clear the Cache of Your Console. Another common reason for the Call of Duty Modern Warfare

Multiplayer not working error is the corrupted cache data

t. In this case, you can try clearing the cache files on your PC or console to

fix the issue.</div></div></div></div></div></div></div></div>
